Ph5 Interim CS drft v1.docx

Dayna, Rich and Pat and I met while you were out. We agreed that, given that USGS' draft report will be out for peer review beginning this week, it would help if we had a short interim CS that consists mainly of Q&As that might come to us if the USGS info gets out (even though it is supposed to be a confidential process). So here is a quick crack at some of the near term possible Qs. I think Pat and Rich were going to take these and try and generate a short draft CS.
